The White Helmets Terrorists – Further Extensive Evidence of Direct Collusion with Islamic Terrorist Groups – (Set 4)(<https://clarityofsignal.com/2017/09/08/the-white-helmets-terrorists-further-extensive-evidence-of-direct-collusion-with-islamic-terrorist-groups-set-4/>) – Attached link features over 100 additional screen-captured Facebook images that have been cached from the Facebook accounts of over one dozen additional White Helmet accounts and will highlight the fact that the White Helmets post images to their own Facebook accounts that are in support of the FSA and various designated murderous terrorist groups, including al-Nusra Front, Ahrar al-Sham, al-Qaeda, ISIS and others. Note that Facebook allows all this terrorist activity unimpeded yet censors Americans and people in the west who exposing it. Facebook

does this by labeling truth tellers as Russian trolls, hate speech inciters and Assad apologists. The White Helmets are protected and allowed a free pass by western social media giants such as Facebook, Twitter, Google, You Tube, etc. There is no censorship for them. Netflix, Hollywood, US media and publishing houses promote them and conceal their real agenda. The FSA, which is comprised of terrorist groups, also receives a free pass.

Hollywood’s elite in particular has played a very nefarious and intentionally deceptive role.

When the Washington Post Bureau Chief in Beirut promotes a known al-Qaeda journalist, it shows not only how low these "prostitutes" are but also how deep they are in supporting terrorism in Syria. Here is the proof. Muhaysini is on the US terror list!!

Caveat: All information above, and my opinion derived from such, was acquired through postings conducted online by the individuals mentioned within the material and other researchers. I leave it up to diligent citizens to judge for themselves the validity of the

aforementioned material and my opinions related to such, as is their right. This information is posted as a public service. Sometimes true patriotism requires dissent and revealing that which the powers that be would prefer remain hidden in the shadows. I subscribe to the philosophy of USMC General Smedley Butler and believe war is a racket, a rich man's trick. I am a Marine Corps vet (1st Battalion, 6th Marines, 2nd Mar Div) who loves humanity and hopes to help save lives of innocent people as well as my brothers and sisters in the Armed Forces who may be used during this time of wars of deception and false flags (as shown above). I believe my posts at my Steemit and Clarity of Signal WordPress site are very important for humanity right now and recommend people get properly red pilled and research these issues thoroughly themselves. I reserve my right to free speech and my opinion based on all the above information which is easily accessible online (now just imagine if the mainstream media bothered to do what I have done here when it comes to real reporting and research). Instead they have done the opposite and covered it up. Wake up folks. The enemy is not foreign.....it is domestic. It is those who would lie to you and sell you murder, war and deception. It is those who enrich themselves through this horror.

We knew this when the liberal/progressive/socialist/dems gave out the oscars!!!!!!!!!!!!!! Wearing a white hat is a western cowboy theme, the guy in the white hat is always the good guy. However, these were the same guys who were “rescuing” children who had been “gassed” wearing no protective gear, etc. They are probably part of a black ops team as well...and now it’s time to import them to the west! Well, well....
